Continents and oceans

Seven continents and five named ocean regions

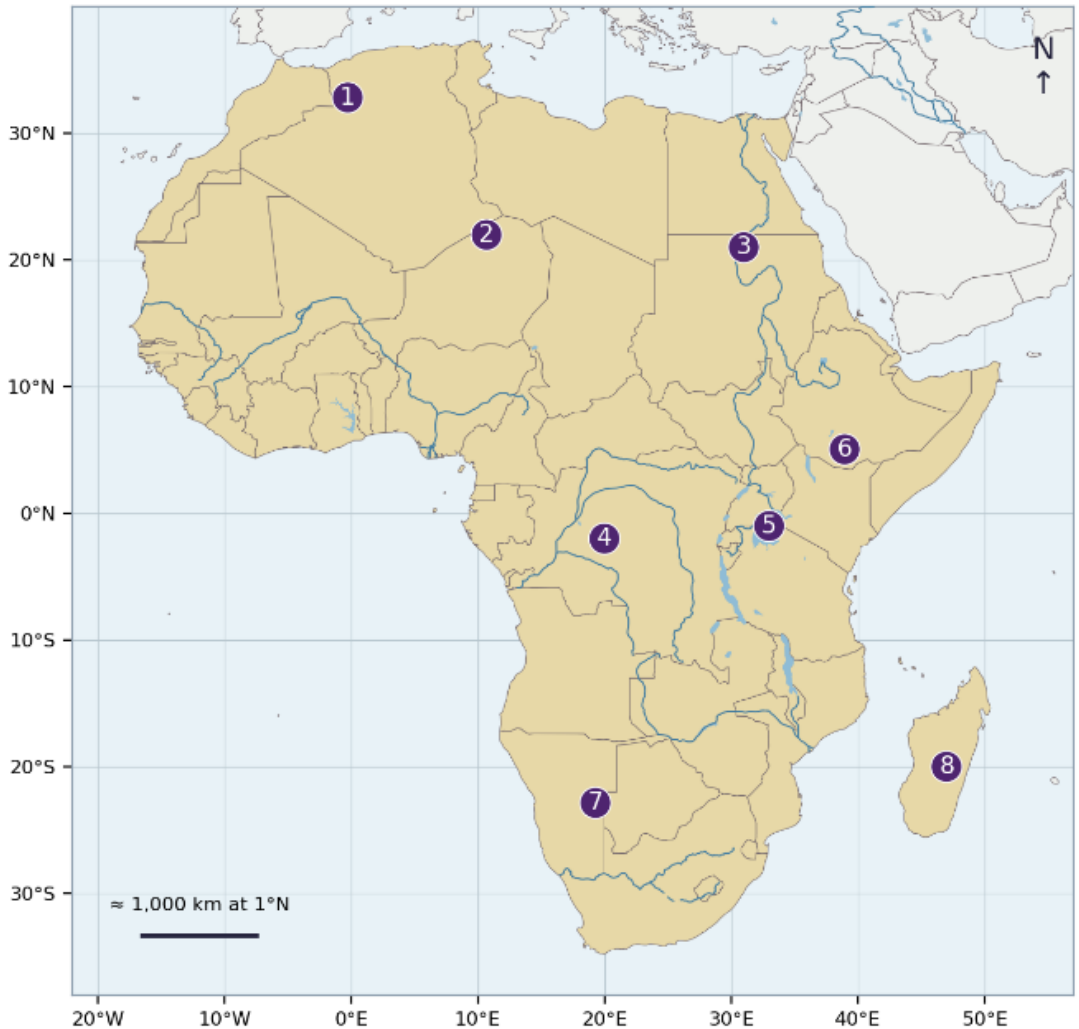

Australia is the continent used in this atlas. Oceania is the wider region of Australia and Pacific islands. The Southern Ocean surrounds Antarctica, commonly south of 60°S.

Africa physical features

Numbered locations identify selected features

1 Atlas Mountains
2 Sahara
3 Nile River
4 Congo River
5 Lake Victoria
6 Great Rift Valley
7 Kalahari Desert
8 Madagascar

Compare access to the Nile with access to water in the Sahara. What evidence would you need to explain where people settle? Feature markers show representative locations, not the full extent of a landform. Blue lines show selected rivers.
